DETAILED ACTION

Response to Arguments

Applicant's arguments, see page 1 of remarks, filed 11/15/2006, with respect to claim 21 have been fully considered and are persuasive. The rejection of Claim 21 and its dependent claims has been withdrawn.

Applicant's arguments, see page 3 of remarks, filed 11/15/2006, with respect to Claim 28 have been fully considered and are persuasive. The rejection of Claim 28 has been withdrawn.

(Re claim 28) Applicant argues that the Sorensen reference by itself or in combination with the other references used in the rejection does not fairly teach or suggest mounting the article retrieval mechanism to the door. This was found to be true and examiner withdraws this rejection based on improperly applying references.
